Wuqu' Kawoq

Sustaining Donor Program

Why Guatemala?

Guatemala has some of the most under developed public infrastructure in Latin America. In rural Guatemala, most serious medical conditions go undiagnosed and untreated.

Wuqu' Kawoq provides comprehensive management of complicated medical cases (such as congenital heart disease and cancer) in this setting.

By providing these services to Guatemala's poorest, we help to break the cycle that links poverty to poor health.

Benefits

As a Sustaining Donor, you receive:

- A signed certificate
- Recognition on our website
- Recognition in our annual report
- Bimonthly newsletters
- Regular email updates

What is a Sustaining Donor?

www.wuqukawoq.org/donate

- As a Sustaining Donor, you commit to a monthly donation of at least \$10/month.
- In 2011, we plan to grow our Sustaining Donor Program to at least 350 regular donors.
- As a Sustaining Donor, your monthly contribution will be used directly to provide medical and support services to impoverished patients with complicated medical problems.
